Dear Ms. Yasdick:

Per your request, I am here within enclosing a copy of the sample results from the April 3, 1991 inspection of Venus Laboratories in Wooddale, IL.

Total organic scan was requested for all three samples. Sample X201 was from the drum of waste. Sample X202 was from the floor drain sump and X203 was from the outside tank.

Sincerely,

*Charles J. Gruntman*
